**Waiver and
declaration of withdrawal of asylum application**

The applicant(s) (please insert name)

resident in

herewith declare(s):

I/We have opted for assisted voluntary return to my/our country of origin or to a destination country that is willing to receive us, and am/are hence foregoing the further processing of the procedure for recognition as a political refugee or as entitled to asylum.

As asylum applicant(s) in the ongoing first asylum procedure, I/we herewith withdraw my/our asylum application dated _____.

As an asylum-seeker – not yet having filed a formal asylum application with the Federal Office for Migration and Refugees – I/we herewith waive filing an asylum application.

If a decision has already been handed down in the asylum proceedings, the possibility to lodge appeals on matters related to asylum and residence is herewith waived. I/We herewith withdraw any appeals that may have been lodged. I/We herewith consent to this declaration being forwarded to the court with jurisdiction and to the responsible immigration authority.

I am/We are aware that my asylum proceedings will be discontinued as a consequence of this waiver/withdrawal, that my/our permission to reside (*Aufenthaltsgestattung*) because of asylum proceedings expires and that I/we are likely to be obliged to leave the Federal Republic of Germany.

The content of this record was interpreted to me by an interpreter. I/We have completely and fully understood this declaration. I/We herewith confirm accordingly by signing below. This declaration also includes my/our child(ren) (please also insert the names above). I herewith declare that my child faces no threat of persecution as defined in section 3 subs. 1 of the Asylum Act (AsylG) or serious harm as defined in section 4 subs. 1 of the Asylum Act. I/We am/are aware that it is necessary to submit this declaration in order to waive the further pursuance of the asylum proceedings for my/our child(ren) with legal effect. My/Our declaration only refers to the current circumstances, and can therefore be cancelled should the circumstances or the law subsequently change. I am aware that a possibility is provided by law to file a renewed application for asylum (follow-up application) should the circumstances or the law change, or in the event of other circumstances which are material for the decision on an asylum application.
