Insights into our work

- Systemical approach
- Target groups
 - Relatives
 - Teachers, social workers, institutions
 - In some cases direct work with radicalised person
- Basic approach: counselling the social environment has the greatest impact – deradicalization through relationships

Multiple causal factors of radicalization

**Conflicts in
family of
origin**

**Quest for a
meaning in
life/ identity**

**Provoking
behaviour**

**Personal
problems
(illness, lack
of
perspectives)**

**Experiences
of abuse in
childhood**

**No social
networks**

Multiple causal factors of radicalization extended in unaccompanied minors

**Experiences
in
homecountry**

**Experiences
from the
escape to
germany**

**Experiences
in germany
(as a refugee)**
